fluid in the Audi A4 is designed to last for a long time; according to Audi, it is good for the life of the car.

Most service people you ask, though, would recommend you change it at least every 100k miles, and anything less than 50k miles is going to be overkill.

Manual Transmission Oil Change

transmission fluid in the A4 is actually easier than changing the oil, at least in a manual transmission car, because you don't have to change the filter as well. You simply drain the old lubricant and find a way to fill the transmission with new fluid.
