new character options breathe new life into your game by allowing you to foretell the future and command the course of destiny.

The book kicks off with an Overview of magical crossbreeding, looking at the ways arcane energies can be harnessed to recreate various magical creatures or entirely new species. Designing Magical Crossbreeds gives all the basic rules required to create new creatures. Complete rules and tables are given to allow players to specify the ability scores and special traits of their creations. Every aspect of the new creature's statistic block is detailed here, including attacks and face/reach. Transmutation Rituals covers everything such characters will need including laboratories and the acquisition of test 'subjects', as well as

methods of pacifying them during the ritual. Having decided upon the ritual and acquired the 'base' creatures, the player may then use the rules in Creating Magical Crossbreeds to bring his new creation to life, bringing his arcane knowledge to bear along with any required materials. Advanced Procedures provide accomplished practitioners with a wide range of new options to further enhance their understanding of this art. The next chapter, Magic Items, provides practitioners with new objects of arcane power designed to enhance their transmutation rituals and increase the capabilities of the species they create. The last chapter Provides many Sample Hybrids for players to base their new designs on, or for Games Masters to quickly insert into their scenarios - and there are going to
