He is known chiefly for his brilliant lyric poems, including "The Garden," "The Definition of Love," "Bermudas," "To His Coy Mistress," and the "Horatian Ode" to Cromwell. Marvell's work is marked by extraordinary variety, ranging from incomparable lyric explorations of the inner life to satiric poems on the famous men and important issues of his time-one of the most politically volatile epochs in England's history. From the lover's famous admonition, "Had we but World enough, and Time, / This coyness, Lady, were no crime," to the image of the solitary poet "Annihilating all that's made / To a green Thought in a green Shade," Marvell's poetry has earned a permanent place in the canon and in the hearts of poetry lovers.

How Cool Are Penguins is a book that will introduce young children to the world of penguins. It is written and illustrated in a fun and informative way that will entertain both the young and the young at heart.

Text of the Agreement (under the Yukon Umbrella Final Agreement) between the Tlingit Indians of the Teslin area of southern Yukon, on self government, further to Chapter 24 of the Final Agreement.

This useful book provides a complete guide to sewing. With forty-five chapters including 'The A B C's of Stitches - Basic Instructions in Sewing', 'Embroidery and Applique', 'How to Make Coats and Jackets' and 'How to Make Curtains', this book will prove itself invaluable in any home. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The ultimate Japanese Knitting and crochet stitch bible-now available for English-speaking crafters! 1000 Japanese Knitting & Crochet Stitches is a treasure trove of needlecraft patterns and motifs for knitters and crocheters seeking to create and better understand the infinite variety of their craft. The classic compendium of Japanese stitches is finally available to Western audiences! The Japanese reference work is beloved by knitters the world over, and this English version will allow even more crafters to enjoy these techniques. This dictionary includes 700 original knitting stitch patterns and 300 original crochet patterns that have inspired many modern Japanese knitwear designs. You'll find classic lacy, cable, Aran, Fair Isle, Nordic, ethnic patterns; geometric, botanical and animal motifs; and so much more. This one-stop reference has detailed steps and stitch diagrams showing how to execute over 60 different knitting stitches and over 40 different crochet stitches. Each pattern is charted with a delineation of the pattern repeat. Like Tuttle's other bestselling knitting dictionaries-including Hitomi Shida's Japanese Knitting Stitch Bible-this one includes an introduction by Japanese knitting guru Gayle Roehm, which helps non-Japanese knitters navigate the differences between the Japanese and Western styles of knitting and crochet.

The General Motors G-Body is one of the manufacturer's most popular chassis, and includes cars such as Chevrolet Malibu, Monte Carlo, and El Camino; the Buick Regal, Grand National, and GNX; the Oldsmobile Cutlass Supreme; the Pontiac Grand Prix, and more. This traditional and affordable front engine/rear-wheel-drive design lends itself to common upgrades and modifications for a wide range of high-performance applications, from drag racing to road racing. Many of the vehicles GM produced using this chassis were powered by V-8 engines, and others had popular turbocharged V-6 configurations. Some of the special-edition vehicles were outfitted with exclusive performance upgrades, which can be easily adapted to other G-Body vehicles. Knowing which vehicles were equipped with which options, and how to best incorporate all the best-possible equipment is thoroughly covered in this book. A solid collection of upgrades including brakes, suspension, and the installation of GMs most popular modern engine-the LS-Series V-8-are all covered in great detail. The aftermarket support for this chassis is huge, and the interchangeability and affordability are a big reason for its popularity. It's the last mass-produced V-8/rear-drive chassis that enthusiasts can afford and readily modify. There is also great information for use when shopping for a G-Body, including what areas to be aware of or check for possible corrosion, what options to look for and what should be avoided. No other book on the performance aspects of a GM G-Body has been published until now, and this book will serve as the bible to G-Body enthusiasts for years to come.

Nothing epitomizes the look of the 1950s more for women than the hour-glass silhouette of the tightly fitted bodice and full skirt. This ubiquitous style - first introduced in 1947 with Dior's New Look - was so widely adopted by the mid-50s that it came to define the decade. This practical book introduces and explores the styles and construction techniques used in the 1950s. Step-by-step instructions and photographs demonstrate how to achieve a well-finished and authentic look using equipment easily obtainable at home. Chapters explain the processes from fabric selection, cutting out and preparation through to garment assembly using traditional techniques for creating the silhouette of the day. There are photographs and analysis of original pieces from private collections and museum archives and scaled patterns that have been standardized to a modern size 12 and can be graded up and down in size. With patterns and instructions for making your own bullet bra and girdle, each project includes a materials and equipment list and a section on specialist stockists and suppliers. Additional chapters include practical advice on measuring and fitting, and how to create the 1950s look. Aimed at students, teachers of costume, re-enactment societies and costume designers for TV, theatre and film and superbly illustrated with 300 colour photographs and 14 patterns.

Three teenage girls share their stories about life as students, as young women with disabilities, and as minorities in a male-dominated special education school culture.
