Ever wonder what life is like in Minecraft? Read Legends and Heroes to find out! (Although this book is free, Google requires a credit card on your account before you can download. If you prefer, you can download the ebook in PDF format from StoneMarshall.com/LH0001-pdf-google without a Google account) Created by Stone Marshall, the author of the popular Flynn's Log series. The Stone Marshall Studio is developing a new series: Legends & Heroes A hybrid of comic-book style illustrations and short stories. Each issue is fun, challenging, and engaging. These interrelated stories follow a series of characters on a journey through life in Minecraft. Relatable characters, thrilling action, and colorful illustrations will suck in readers and leave them excited to read the next adventure! Secrets await! Solve the puzzle, uncover secrets! The Blacksmith and The Apprentice: Issue 1 The ancient art of blacksmithing is a thing of beauty. A lot of hard work goes into the process. It's very complicated, really. Stoking the flames to many small, contained fires—making lumps of metal into differently shaped items of metal—hitting said lumps of metal with hammers to turn them into different weapons. You can shape metals into whatever item you want. Okay, it might not be a very interesting job, but apprenticing with the best blacksmith in the kingdom is a huge opportunity. Blacksmiths make the tools everyone needs to get about in their day-to-day lives. It's a very prestigious and impressive position, although this honor is lost when the position is held by Dane, a youthful boy who dreams of greater adventure! Luckily, Dane has a skilled master to reign in his daydreaming. Viegar has quite an interesting past. From his years on the Royal Guard to his close relationship with the previous king, he's quite a friend to have on your side. There is one other apprentice, Snip, who is much more passionate about his duties than Dane. Between the three of them, they churn out powerful weapons and protective armor, usually with no thanks to Dane. Of course, no cast of characters would be complete without the big man in charge—in this case, a king. By almost anyone's account, he's a good and fair ruler, but there is no one in power without enemies. Though Viegar and his workers only want to help their wonderful king, there are still plenty who wish to do him harm. But Dane can only imagine such things. It's not as if he'd ever be in the position to really make any sort of difference or be in any place of power. Right? And though his apprenticeship is mundane and boring, the young man gets a few moments of excitement. Every once in a while, his master Viegar lets him venture out past the village to visit the caravan, where he can trade and buy supplies. It's the most excitement Dane ever gets in his line of work. Sometimes, he gets to meet interesting people. Sometimes, he hears interesting things. And maybe, just maybe, he sometimes hears of a new opportunity for himself. But who would want to give up such a life as an esteemed apprentice? But of course, destiny and desire are not always what you expect . . .
