The method is simple. Every time you get a deposit from sales, take a predetermined percentage of that money as profit. Of course there are a few more steps than just that. But even with the simple first step, of taking your profit first, you will become permanently profitable. Profit is not an event. Profit is a habit.

Author of cult classics The Pumpkin Plan and The Toilet Paper Entrepreneur offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: Sales - Expenses = Profit. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: Sales - Profit = Expenses. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-eating monsters to profitable cash cows. Using Michalowicz's Profit First system, readers will learn that: · Following 4 simple principles can simplify accounting and make it easier to manage a profitable business by looking at bank account balances. · A small, profitable business can be worth much more than a large business surviving on its top line. · Businesses that attain early and sustained profitability have a better shot at achieving long-term growth. With dozens of case studies, practical, step-by-step advice, and his signature sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.

Profit First for Microgyms adapts the simple cash flow method revealed in Mike Michalowicz's bestselling book, Profit First, to help you become profitable from your next deposit. Using humor and true stories about his clients and his own microgym, John Briggs offers a step-by-step plan to help transform your microgym into a profitable business.

Each year Americans start one million new businesses, nearly 80 percent of which fail within the first five years. Under such pressure to stay alive—let alone grow—it's easy for entrepreneurs to get caught up in a never-ending cycle of "sell it—do it, sell it—do it" that leaves them exhausted, frustrated, and unable to get ahead no matter how hard they try. This is the exact situation Mike Michalowicz found himself in when he was trying to grow his first company. Although it was making steady money, there was never very much left over and he was chasing customers left and right, putting in twenty-eight-hour days, eight days a week. The punishing grind never let up. His company was alive but stunted, and he was barely breathing. That's when he discovered an unlikely source of inspiration—pumpkin farmers. After reading an article about a local farmer who had dedicated his life to growing giant pumpkins, Michalowicz realized the same process could apply to growing a business. He tested the Pumpkin Plan on his own company and transformed it into a remarkable, multimillion-dollar industry leader. First he did it for himself. Then for others. And now you. So what is the Pumpkin Plan? Plant the right seeds: Don't waste time doing a bunch of different things just to please your customers. Instead, identify the thing you do better than anyone else and focus all of your attention, money, and time on figuring out how to grow your company doing it. Weed out the losers: In a pumpkin patch small, rotten pumpkins stunt the growth of the robust, healthy ones. The same is true of customers. Figure out which customers add the most value and provide the best opportunities for sustained growth. Then ditch the worst of the worst. Nurture the winners: Once you figure out who your best customers are, blow their minds with care. Discover their unfulfilled needs, innovate to make their wishes come true, and overdeliver on every single promise. Full of stories of other successful entrepreneurs, The Pumpkin Plan guides you through unconventional strategies to help you build a truly profitable blue-ribbon company that is the best in its field.

You are about to discover the profoundly simple yet shockingly effective accounting plug-in that will transform your business from a cash eating monster into a money making machine. In Profit First, Mike Michalowicz, author of The Pumpkin Plan & The Toilet Paper Entrepreneur, explains why the GAAP accounting method is contrary to human nature, trapping entrepreneurs in the panic-driven cycle of operating check-to-check and reveals why this new method is the easiest and smartest way to ensure your business becomes wildly (and permanently) profitable from your very next deposit forward.

In Profit First, the follow-up to the cult classic The Toilet Paper Entrepreneur and the game-changing The Pumpkin Plan, author and entrepreneur Mike Michalowicz details the cash management system that will ensure any business - of any size, in any industry, no matter how much dept it carries or how many years it has been operating - will become permanently profitable. Starting today!

Do you worry that your business will collapse without your constant presence? Are you sacrificing your family, friendships, and freedom to keep your business alive? What if instead your business could run itself, freeing you to do what you love when you want, while it continues to grow and turn a profit? It's possible. And it's easier than you think. If you're like most entrepreneurs, you started your business so you could be your own boss, make the money you deserve, and live life on your own terms. In reality, you're bogged down in the daily grind, constantly putting out fires, answering an endless stream of questions, and continually hunting for cash. Now, Mike Michalowicz, the author of Profit First and other small-business bestsellers, offers a straightforward step-by-step path out of this dilemma. In Clockwork, he draws on more than six years of research and real life examples to explain his simple approach to making your business ultra-efficient. Among other powerful strategies, you will discover how to: • Make your employees act like owners: Free yourself from micromanaging by using a simple technique to empower your people to make smart decisions without you. • Pinpoint your business's most important function: Unleash incredible efficiency by identifying and focusing everyone on the one function that is most crucial to your business. • Know what to fix next: Most entrepreneurs try to fix every inefficiency at once and end up fixing nothing. Use the "weakest link in the chain" method to find the one fix that will add the most value now. Whether you have a staff of one, one hundred, or somewhere in between, whether you're a new entrepreneur or have been overworked and overstressed for years, Clockwork is your path to finally making your business work for you.

Construction industry business coach, speaker, and author, Shawn Van Dyke, has taken the core concepts of Mike Michalowicz's Profit First and customized them to address the specific needs of the construction industry. Profit First for Contractors addresses the major struggles contractors face and provides clear and actionable guidance on how to overcome them. Shawn shows contractors how to go from simply getting by to becoming permanently profitable. This book is for every construction business owner who dreams of prosperity. Using Van Dyke's Profit First for Contractors system, readers will learn how to break out of the "craftsman cycle" - the seemingly never-ending loop of urgent tasks and responsibilities that keep contractors from gaining traction toward their important goals. He guides construction business owners how to understand their financial statements and how to use them to determine the markup and margin that lead to profits. You will also learn hot to develop solid rules of thumb for the operation of your construction businesses, and how to implement an effective cash management plan that simplifies accounting and leverages normal human behavior. Using real-life stories from actual construction business owners, step-by-step advice, and his conversational twang, Van Dyke puts permanent profitability within reach of every construction business owner.

It's time to stop living deal to deal. Real estate investors have systems for almost everything-to make the phone ring, to find deals, and to fix, rent, and sell their properties. What they don't have is a system for their finances that ensures positive cash flow and profitability. This is why many investors end up scrambling to cover payroll, taxes, and even their own bills. In Profit First for Real Estate Investing, real estate finance expert, David Richter, reveals his simple cash flow system that not only makes "pay yourself first" possible; it makes it easy. Built on the proven Profit First method created by Mike Michalowicz, this system is tailored to the unique realities for real estate investors. Designed to help you reduce stress and build a healthy and profitable real estate company, this step-by-step guide will even show you how to get more deals using the Profit First System. Starting today.
