The Alamo is a historic landmark in the heart of San Antonio. It is the site of one of the most famous battles in Texas. Before the battle it was known as Misi3n San Antonio de Valero. It was originally a Roman Catholic mission and fortress compound.In the midst of the Texas revolution, the Alamo was the site for what was known as true bravery of the Texans.

~~The Alamo - Texas Landmarks~~

180 years ago this morning, March 6, 1836, the Alamo fell after a 13 day standoff in the low hills of San Antonio de Bexar. Mexican dictator Santa Anna had been flying his intimidating blood red banner - indicating that no quarter would be granted to any survivor of the siege and his inevitable assault. At dawn, over 1500 Mexican regulars advanced rapidly on the 190 or so Texian soldiers ...

The history of the world is filled with countless legendary events and battles. Alamo is the site recognized for Texas’s battle of independence from Mexico. It was such a unique historical battle where all of the defenders were killed and the opposing leader “Santa Anna” was ultimately captured.

~~Battle of the Alamo - Carl Dane - Western Author~~

The Texican defenders of the Alamo were undoubtedly brave. Some horrific atrocities were carried out after both the Alamo and Goliad. No question about that. However, why is the struggle by part of the Mexican province of Coahuila y Tejas for independence from Mexico presented in American historical tradition as something heroic, whereas the ...

The Alamo defenders were completely unprepared to repel an assault the size that was coming to them. Most of the volunteers inside had no experience in Artillery, and while much was done about the long rifle, there were relatively few that had been frontiers men, and therefore were well versed with the rifle.

The Alamo is among the most popular periods for toy soldier collectors. Many have fond memories of the original Marx Alamo playset, first issued in the 1950s. This year we are offering three related but independent sets for our new Tri-Series Alamo range.

~~The Alamo | The Toy Soldier Company Blog~~

The Alamo is a 2004 American Western film about the Battle of the Alamo during the Texas Revolution. It was directed by John Lee Hancock, produced by Ron Howard, Brian Grazer, and Mark Johnson, distributed by Touchstone Pictures, and starred Dennis Quaid as Sam Houston, Billy Bob Thornton as David Crockett, and Jason Patric as Jim Bowie. The screenplay is credited to Hancock, John Sayles, Stephen Gaghan, and Leslie Bohem. In contrast to the 1960 film of the same name, this film attempts to depict

The Alamo often conjures up images of rugged frontiersmen, the likes of Davy Crockett and James Bowie, shoring up the defenses of the fort against the forces of General Antonio Lopez de Santa Anna. These events did take place, but The Alamo was a small flashpoint in a wider struggle for control of a strategically vital region known as Texas. Seen as a bulwark against the French and British empires to the north, the newly independent nation of Mexico had to secure the territory or risk encroachment on its northern border. This compelling volume examines The Alamo within the wider context of the struggle for control of Texas. Chapters explain the events that led to the battle, provide a gripping description of the siege itself with detailed discussions of the primary figures involved, and describe the legacy of this lost battle to American politics and culture.

Get facts, maps, historical significance, strategies, and more in this concise summary of the Texas Revolution’s legendary “last stand.” During the Texas Revolution, the Mexican Army clashed with Texan forces on several battlefields—the most famous of which was the Alamo. During this thirteen-day siege, a small group of defenders held out against overwhelming odds only to die in the final Mexican assault on the Alamo mission. Although it was clearly a tactical defeat for the Texans, this legendary “last stand” was a sentinel event during the Texas Revolution. Today, the Alamo still evokes sentiments of patriotism, courage, and determination against great odds. Learn how Bowie, Travis, and Neill fought a desperate fight against the vastly superior army of General Santa Anna. Also learn how Santa Anna inadvertently let tactical victory turn into strategic defeat. The Battle Digest summary includes all the key aspects of the campaign and battle, including maps, images, and lessons learned.

Retelling of a classic story of the siege of the Alamo told from the unique viewpoint of a 12-year old boy.

A New York Times bestseller! “Lively and absorbing. . .” – The New York Times Book Review "Engrossing." –Wall Street Journal “Entertaining and well-researched . . .” –Houston Chronicle Three noted Texan writers combine forces to tell the real story of the Alamo, dispelling the myths, exploring why they had their day for so long, and explaining why the ugly fight about its meaning is now coming to a head. Every nation needs its creation myth, and since Texas was a nation before it was a state, it's no surprise that its myths bite deep. There's no piece of history more important to Texans than the Battle of the Alamo, when Davy Crockett and a band of rebels went down in a blaze of glory fighting for independence from Mexico, losing the battle but setting Texas up to win the war. However, that version of events, as Forget the Alamo definitively shows, owes more to fantasy than reality. Just as the site of the Alamo was left in ruins for decades, its story was forgotten and twisted over time, with the contributions of Tejanos--Texans of Mexican origin, who fought alongside the Anglo rebels--scrubbed from the record, and the origin of the conflict over Mexico's push to abolish slavery papered over. Forget the Alamo provocatively explains the true story of the battle against the backdrop of Texas's struggle for independence, then shows how the sausage of myth got made in the Jim Crow South of the late nineteenth and early twentieth century. As uncomfortable as it may be to hear for some, celebrating the Alamo has long had an echo of celebrating whiteness. In the past forty-some years, waves of revisionists have come at this topic, and at times have made real progress toward a more nuanced and inclusive story that doesn't alienate anyone. But we are not living in one of those times; the fight over the Alamo's meaning has become more pitched than ever in the past few years, even violent, as Texas's future begins to look more and more different from its past. It's the perfect time for a wise and generous-spirited book that shines the bright light of the truth into a place that's gotten awfully dark.

Bestselling author and radio host Michael Medved recounts some of the most significant events in America's rise to prosperity and power, from the writing of the Constitution to the Civil War. He reveals a record of improbabilities and amazements that demonstrate what the Founders always believed: that events unfolded according to a master plan, with destiny playing an unmistakable role in lifting the nation to greatness. Among the stirring, illogical episodes described here: - A band of desperate religious refugees find themselves blown hopelessly off course, only to be deposited at the one spot on a wild continent best suited for their survival - George Washington's beaten army, surrounded by a ruthless foe and on the verge of annihilation, manages an impossible escape due to a freakish change in the weather - A famous conqueror known for seizing territory, frustrated by a slave rebellion and a frozen harbor, impulsively hands Thomas Jefferson a tract of land that doubles the size of the United States - A weary soldier picks up three cigars left behind in an open field and notices the stogies have been wrapped in a handwritten description of the enemy's secret battle plans--a revelation that gives Lincoln the supernatural sign he's awaited in order to free the slaves When millions worry over the nation losing its way, Medved's sweeping narrative, bursting with dramatic events and lively portraits of unforgettable, occasionally little-known characters, affirms America as "fortune's favorite," shaped by a distinctive destiny from our beginnings to the present day.

Settled by Spanish explorers more than three centuries ago, San Antonio has a rich haunted history. Ghosthunting San Antonio by local author Micharl Varhola covers 30 haunted locations in or around the cities of San Antonio and Austin and throughout the region known as Texas Hill Country. Each site combines history, haunted lore and phenomena, and practical visitation information. The book is organized into four geographical sections, "City of San Antonio," "Greater San Antonio," "Austin," and "Texas Hill Country." This hands-on guide also includes an introduction to the subject of ghosthunting in the Lone Star State and all the information readers need to visit the places described within it. It also has an appendix that briefly describes nearly 100 other haunted places. Sites covered include bridges, churches, colleges and universities, cemeteries and graveyards, government buildings, historic sites, hotels, museums, parks, restaurants and bars, and much more. They include the Crockett Hotel, built on the spot where David Crockett and the final defenders of the Alamo are believed to have been slain; the Ghost Tracks, where spectral children are known to move people's stopped cars and the Devil's Backbone, the haunted highway that wends through the hills north of San Antonio.

Author Harriett Denise Joseph relates biographies of eleven notable Mexicanos and Tejanos, beginning with Santa Anna and the impact his actions had on Texas. She discusses the myriad contributions of Erasmo and Juan Seguín to Texas history, as well as the factors that led a hero of the Texas Revolution (Juan) to be viewed later as a traitor by his fellow Texans. Admired by many but despised by others, folk hero Juan Nepomuceno Cortina is one of the most controversial figures in the history of nineteenth-century South Texas. Preservationist and historian Adina De Zavala fought to save part of the Alamo site and other significant structures. Labor activist Emma Tenayuca's youth, passion, courage, and sacrifice merit attention for her efforts to help the working class. Joseph reveals the individual and collective accomplishments of a powerhouse couple, bilingual educator Edmundo Mireles and folklorist-author Jovita González. She recognizes the military and personal battles of Medal of Honor recipient Raul "Roy" Benavidez. Irma Rangel, the first Latina to serve in the Texas House of Representatives, is known for the many "firsts" she achieved during her lifetime. Finally, we read about Selena's life and career, as well as her tragic death and her continuing marketability.
