"As her debut novel, *The Book of the Unnamed Midwife* captures the spirit of Elison’s artistry. The human capacity to survive is something authors have explored for as long as science fiction has existed as a genre, but Elison brings to it her own definitions of sexuality, resourcefulness, and determination.”

Tale of The Unnamed Engine (The British Railway Stories ...

The Book of Jubilees provides names for a host of otherwise unnamed biblical characters, including wives for most of the antediluvian patriarchs. The last of these is Noah's wife, to whom it gives the name of Emzara. Other Jewish traditional sources contain many different names for Noah's wife.

List of names for the biblical nameless - Wikipedia

Meg Elison's debut novel, *The Book of the Unnamed Midwife*, won the prestigious Philip K. Dick Award and was included among the Publishers Weekly Best Books of the Year, 2016, and Amazon Best Books of the Year, 2016. It's another sign that science fiction has come of age, no longer confined to a readers' ghetto.

Philip K. Dick Award Winner for Distinguished Science Fiction When she fell asleep, the world was doomed. When she awoke, it was dead. In the wake of a fever that decimated the earth's population—killing women and children and making childbirth deadly for the mother and infant—the midwife must pick her way through the bones of the world she once knew to find her place in this dangerous new one. Gone are the pillars of civilization. All that remains is power—and the strong who possess it. A few women like her survived, though they are scarce. Even fewer are safe from the clans of men, who, driven by fear, seek to control those remaining. To preserve her freedom, she dons men's clothing, goes by false names, and avoids as many people as possible. But as the world continues to grapple with its terrible circumstances, she'll discover a role greater than chasing a pale imitation of independence. After all, if humanity is to be reborn, someone must be its guide.

He was going to lose the house and everything in it. The rare pleasure of a bath, the copper pots hanging above the kitchen island, his family—again he would lose his family. He stood inside the house and took stock. Everything in it had been taken for granted. How had that happened again? He had promised himself not to take anything for granted and now he couldn't recall the moment that promise had given way to the everyday. Tim Farnsworth is a handsome, healthy man, aging with the grace of a matinee idol. His wife Jane still loves him, and for all its quiet trials, their marriage is still stronger than most. Despite long hours at the office, he remains passionate about his work, and his partnership at a prestigious Manhattan law firm means that the work he does is important. And, even as his daughter Becka retreats behind her guitar, her dreadlocks and her puppy fat, he offers her every one of a father's honest lies about her being the most beautiful girl in the world. He loves his wife, his family, his work, his home. He loves his kitchen. And then one day he stands up and walks out. And keeps walking. THE UNNAMED is a dazzling novel about a marriage and a family and the unseen forces of nature and desire that seem to threaten them both. It is the heartbreaking story of a life taken for granted and what happens when that life is abruptly and irrevocably taken away.

In the gripping sequel to the Philip K. Dick Award-winning novel *The Book of the Unnamed Midwife*, one woman undertakes a desperate journey to rescue the future. Etta comes from Nowhere, a village of survivors of the great plague that wiped away the world that was. In the world that is, women are scarce and childbearing is dangerous...yet desperately necessary for humankind's future. Mothers and midwives are sacred, but Etta has a different calling. As a scavenger. Loyal to the village but living on her own terms, Etta roams the desolate territory beyond: salvaging useful relics of the ruined past and braving the threat of brutal slave traders, who are seeking women and girls to sell and subjugate. When slavers seize those she loves, Etta vows to release and avenge them. But her mission will lead her to the stronghold of the Lion—a tyrant who dominates the innocent with terror and violence. There, with no allies and few weapons besides her wits and will, she will risk both body and spirit not only to save lives but also to liberate a new world's destiny.

"This splendid reference describes every woman in Jewish and Christian scripture. . . . monumental" (Library Journal). In recent decades, many biblical scholars have studied the holy text with a new focus on gender. Women in Scripture is a groundbreaking work that provides Jews, Christians, or anyone fascinated by a body of literature that has exerted a singular influence on Western civilization a thorough look at every woman and group of women mentioned in the Bible, whether named or unnamed, well known or heretofore not known at all. They are remarkably varied—from prophets to prostitutes, military heroines to musicians, deacons to dancers, widows to wet nurses, rulers to slaves. There are familiar faces, such as Eve, Judith, and Mary, seen anew with the full benefit of the most up-to-date results of biblical scholarship. But the most innovative aspect of this book is the section devoted to the many females who in the scriptures do not even have names. Combining rigorous research with engaging prose, these articles on women in the Hebrew Bible, the Apocryphal/Deuterocanonical Books, and the New Testament will inform, delight, and challenge readers interested in the Bible, scholars and laypeople alike. Together, these collected histories create a volume that takes the study of women in the Bible to a new level.

That storyline drives Hell of a Book and is the scaffolding of something much larger and more urgent: Mott's novel also tells the story of Soot, a young Black boy living in a rural town in the recent past, and The Kid, a possibly imaginary child who appears to the author on his tour. As these characters' stories build and converge, they astonish. For while this heartbreaking and magical book entertains and is at once about family, love of parents and children, art and money, it's also about the nation's reckoning with a tragic police shooting playing over and over again on the news. And with what it can mean to be Black in America. Who has been killed? Who is The Kid? Will the author finish his book tour, and what kind of world will he leave behind? Unforgettably told, with characters who burn into your mind and an electrifying plot ideal for book club discussion, Hell of a Book is the novel Mott has been writing in his head for the last ten years. And in its final twists, it truly becomes its title.

Love can bloom in the strangest places...and people! A cursed king and the world's strongest witch are about to cross paths, forever changing their future and the fate of the world!

"Many ... unwritten rights are somehow inherent in the American scheme of democracy. So where do these freedoms come from? . . . One of the nation's most venerated thinkers about such matters offers a provocative and refreshing way to answer that question."—Neil A. Lewis, New York Times Book Review "An appealing interpretation of the founding papers."—Michael G. Radigan, New York Law Journal "A remarkably interesting book. It offers a way of looking at the Constitution that I had not thought about before."—Sanford Levinson, School of Law, University of Texas at Austin One of the most respected scholars of constitutional law here argues for a national commitment to human rights based on his interpretation of three critical documents: the Declaration of Independence, the Ninth Amendment to the Constitution, and the "citizenship" and "privileges and immunities" clauses of the Fourteenth Amendment. The book presents a powerful case for reviewing and renewing the basis of our most important human rights.

"In the wake of the apocalypse, Flora has come of age in a highly gendered post-plague society where females have become a precious, coveted, hunted, and endangered commodity. But Flora does not participate in the economy that trades in bodies. An anathema in a world that prizes procreation above all else, she is an outsider everywhere she goes, including the thriving all-female city of Shy. Now navigating a blighted landscape, Flora, her friends, and a sullen young slave she adopts as her own child leave their oppressive pasts behind to find their place in the world. They seek refuge aboard a ship where gender is fluid, where the dynamic is uneasy, and where rumors flow of a bold new reproductive strategy..."
