World War II intrudes on the pastoral life of the Yorkshire veterinarian and #1 New York Times—bestselling author of *All Creatures Great and Small*. Only a couple of years after settling into his new home in northern England, James Herriot is called to war. In this series of poignant and humorous episodes, the great veterinarian shares his experiences training with the Royal Air Force, pining for a pregnant wife, and checking in on the people back home who made his practice so fascinating. As the young men of Yorkshire are sent into battle and farmers consider the broader world they're a part of, Herriot reflects on the lives—human and animal alike—that make his home worth fighting for.

A country veterinary surgeon in Yorkshire describes the joys and trials of his profession and recalls his early career and experiences with his unique clientele

Does God, in His infinite wisdom, convince people to get rid of their car insurance? Does He encourage cannibalism? Does the God of more than six billion people actually have time to root for the Minnesota Vikings? According to some, yes. How do they know? God told them. Luckily, God also told Marc Hartzman to write this book, a collection of the most shocking, absurd, and hilarious things people have ever claimed God asked them to do, and to present them for your pure reading enjoyment. Including: The man that God told to perform surgery on himself God's generous offer to miraculously fill his believer's gas tank The fateful day God (assumedly feeling nostalgic for his teen years) asked a man to TP a police station The woman God instructed to direct traffic—topless And, sadly, many more

From the #1 New York Times—bestselling author of *All Creatures Great and Small*: more true stories of a veterinarian in small-town Yorkshire, England. After his first day on the job, James Herriot's mentor warns him that the life of a country veterinarian is full of small triumphs and big disasters, but that he'd never be bored. From night visits to drafty barns during freezing northern England winters, to the beautiful vitality of rural life in the summertime, to the colorful menagerie of animals—and their owners—that pass through his office, Herriot experiences new challenges and joys every day. In these pages, Herriot trains under his eccentric boss Siegfried Farnon in a rustic English village, courts the woman that becomes his wife, and meets the people he would come to write about for a lifetime.

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

The #1 New York Times–bestselling author of *All Creatures Great and Small* reflects on the rewards of training the next generation of veterinarians. As an aging James Herriot begins to see more house pets than livestock, the challenge of treating animals—and reassuring their owners—provides plenty of excitement, mystery, and moments of sheer delight. After building up his own practice, the renowned country vet begins to teach a new generation about a business both old-fashioned and very modern. He watches with pride as his own children show a knack for medicine, and remarks on the talents and quirks of a string of assistants. There is no perfecting the craft, since people and their animals are all remarkably different, but Herriot proves that the best healers are also the most compassionate.
