"The Marlowe-Shakespeare Connection: A New Study of the Authorship Question" is a look at something that some literary critics would dismiss as heresy—that legendary author and playwright William Shakespeare did not exist and all of his writing was in fact done by supposedly dead contemporary Christopher Marlowe.

marlowe-shakespeare.blogspot.ca Our Belief is that Christopher Marlowe - in his day England's greatest playwright - did not die in 1593 but survived to write most of what is now assumed to be the work of William Shakespeare. Our Plan is to present accurate information and well-reasoned argument related to this belief.

The Marlovian theory of Shakespeare authorship holds that the Elizabethan poet and playwright Christopher Marlowe was the main author of the poems and plays attributed to William Shakespeare. Further, the theory says Marlowe did not die in Deptford on 30 May 1593, as the historical records state, but that his death was faked. Marlovians base their argument on supposed anomalies surrounding Marlowe's reported death and on the significant influence which, according to most scholars, Marlowe's work

As Samuel Blumenfeld clarifies in his latest book, The Marlowe-Shakespeare Connection: A New Study of the Authorship Question, "The specific event that led to the unforeseen dangerous consequences for Marlowe [i.e., his arrest] was the Dutch Church Libel [of May 1593], the nailing of a 53-line doggerel poem on the wall of the Dutch churchyard in Broad Street. It threatened the Dutch immigrants living in London with harm and violence if they did not leave."

He admitted that Marlowe's early death left Shakespeare with no competition. But if Marlowe lived, he does not think he would have or could have written the works ascribed to William Shakespeare. Burgess thinks he would have taken the road of Shakespeare's rival, Ben Jonson, that is more satirical work, which Shakespeare never wrote.

There really is no longer any credible connection between Marlowe/Shakespeare and Burley on the Hill. In fact ¶ given what we have since discovered about the Bassano family ¶ even if there had still been such a connection, I would have nevertheless thought that Emilia Lanier was a better candidate for the Dark Lady anyway. It might be argued that Christopher Marlowe did not have the moral make-up to have written the works of Shakespeare, either, because he was accused of heresy. Jolly olde England, however, was a time of spies and secrets, an era when agents provocateurs slandered enemies, leading to their ruin and death.

Moving beyond traditional studies of sources and influence, Shakespeare's Marlowe analyzes the uncommonly powerful aesthetic bond between Christopher Marlowe and William Shakespeare. Not only does this study take into account recent ideas about intertextuality, but it also shows how the process of tracking Marlowe's influence itself prompts questions and reflections that illuminate the dramatists' connections. Further, after questioning the commonly held view of Marlowe and Shakespeare as rivals, the individual chapters suggest new possible interrelationships in the formation of Shakespeare's works. Such examination of Shakespeare's Marlovian inheritance enhances our understanding of the dramaturgical strategies of each writer and illuminates the importance of such strategies as shaping forces on their works. Robert Logan here makes plain how Shakespeare incorporated into his own work the dramaturgical and literary devices that resulted in Marlowe's artistic and commercial success. Logan shows how Shakespeare's examination of the mechanics of his fellow dramatist's artistry led him to absorb and develop three especially powerful influences: Marlowe's remarkable verbal dexterity, his imaginative flexibility in reconfiguring standard notions of dramatic genres, and his astute use of ambivalence and ambiguity. This study therefore argues that Marlowe and Shakespeare regarded one another not chiefly as writers with great themes, but as practicing dramatists and poets—which is where, Logan contends, the influence begins and ends.

WINNER OF THE DESMOND ELLIOTT PRIZE 2013 On May 30th, 1593, a celebrated young playwright was killed in a tavern brawl in London. That, at least, was the official version. Now Christopher Marlowe reveals the truth: that his 'death' was an elaborate ruse to avoid being convicted of heresy; that he was spirited across the Channel to live on in lonely exile; that he continued to write plays and poetry, hiding behind the name of a colourless man from Stratford - one William Shakespeare. With the grip of a thriller and the emotional force of a sonnet, this remarkable novel in verse gives voice to a man who was brilliant, passionate and mercurial. A cobbler's son who counted nobles among his friends, a spy in the Queen's service, a fickle lover and a declared religious sceptic, he was always courting trouble. Memoir, love letter, confession, settling of accounts and a cry for recognition as the creator of some of the most sublime works in the English language, The Marlowe Papers brings Christopher Marlowe and his era to vivid life. Written by a poet and scholar, it is a work of exceptional art, erudition and imagination.

For those who doubt that the actor from Stratford, William Shakspere, wrote the works of Shakespeare, the brilliant poet and playwright Christopher Marlowe has always been the professional candidate. In this book, which argues that a chronological approach is essential, Donna N. Murphy employs a variety of tools to document a Marlowe-Shakespeare continuum (with her proposed dates of first-version authorship) in The Taming of the Shrew, c. 1590; II and III Henry VI, c. 1590; Edward III c. 1590/1; Titus Andronicus c. 1591/3; Thomas of Woodstock c. 1593; Romeo and Juliet c. 1595/6; and I Henry IV, c. 1596/7. Her research firmly supports the theory that Christopher Marlowe, living on after he supposedly died, was the main hand behind the works of Shakespeare.

Mike Rubbo, Director, Much Ado About Something (2002) "A highly readable story, full of interesting unusual insights." Roger Hards, Editor, The Marlowe Society Newsletter "On the morning of May 30, 1593, Christopher Marlowe met with three associates in the English intelligence network. Later that evening the Queen's coroner was summoned to their meeting place. A body lay on the floor. After an inquest, the dead man was taken to a nearby churchyard busy at the time receiving victims of the plague. According to the official report, England's foremost playwright was interred without fanfare or marker. Soon, plays attributed to William Shakespeare began to appear on the London stage, plays so undeniably similar to Marlowe's that noted scholars have since declared that Shakespeare wrote as if he had been Marlowe's apprentice. Marlowe's Ghost: The Blacklisting of the Man Who Was Shakespeare explores the possibility that persecution of a writer who dared to question authority may have led to the greatest literary cover-up of all time." Did Shakespeare write Shakespeare? This authoritative collection of essays brings fresh perspectives to bear on an intriguing cultural phenomenon.

It is October 1592. Christopher Marlowe, the most accomplished playwright in London, has written The Massacre at Paris for his company, the Lord Admiral's Men. Bubonic plague has hit outlying parishes, forcing theaters to close and postponing the season. Ordinarily, the Rose Theatre would debut Marlowe's work, but its subject/the St. Bartholomew Day's Massacre'is unpleasant and might inflame hostilities against Catholics and their sympathizers, such as merchants on whom trade depends. A new company, the Lord Strange's Men, boasts a young writer, William Shakespeare, who is said to have several barnburners in the queue. A competition is called to decide which company will reopen the theaters. Who will most effectively represent the nation's ideals and energies, its humor and grandeur? One troupe will gain supremacy, primarily for literary but also for cultural, religious, and political reasons.
