work that bridges the gaps between the academic view of markets, technical analysis, and profitable trading. The book explores why randomness prevails in markets most, but not all, of the time and how technical analysis can be used to capture statistically validated patterns in certain types of market conditions. The belief of the book is that buying and selling pressure causes patterns in prices, but that these technical patterns are only effective in the presence of true buying/selling imbalance. The Art and Science of Technical Analysis is supported by extensive

powerful twist to MIDAS
technical analysis, a
trading method developed by
the late Paul Levine. The
authors show how to employ
MIDAS in trading, from
recognizing set ups to
identifying price targets.
The book explains the basics
of MIDAS before
demonstrating how to apply
it in different time frames.
Further, it extrapolates how
MIDAS can be used with other
more conventional
indicators, such as DeMark
or moving averages. In
addition to introducing new
indicators that the authors
have created, the book also
supplies new computer codes.

This book can be described as 1/3 trading psychology, 1/3 risk management and 1/3 technical analysis. My early days of trading were filled with frustration, confusion and constant losses. After making some of the same mistakes over and over again I being to adapt and learned a few tricks to minimize my losses. As I began passing these tricks on to my fellow traders through my twitter account and blog (chedstrading.blogspot.com) it launched me on a path of

enough time that path lead
to dedicated studies of

Japanese candlesticks and
classical charting, and
ultimately CMT

certification. My career and
brand have been built on

"helping new traders avoid
my old mistakes", and this
book is a natural extension

of those efforts. This book
is also a natural extension

of my "Complete Beginners

Guide to Trading" that I

wrote back in 2017 when I

was undergoing chemotherapy

for lymphoma. I subsequently

beat my cancer and wrote a

book about that experience,
and have since continued to
grow in my journey as a

trader and teacher. Building
on my years of work with my
twitter account, learning
blog and various other
writings on trading
subjects, I am happy to now
bring together in one place
all those bits and pieces
that have helped to make me
a successful trader. I have
personally made every single
mistake mentioned in this
book multiple times and
therefore can speak from the
heart, which I hope makes
each lesson a little bit
easier to learn. Thank you
for reading and best of luck
in your trading journey.
