Rough Riders is a 1997 American television miniseries directed and co-written by John Millius about future President Theodore Roosevelt and the regiment known as the 1st US Volunteer Cavalry; a.k.a. the Rough Riders.

Based on a pocket diary from the Spanish-American War, this tough-as-nails 1899 memoir abounds in patriotic valor and launched the future President into the American consciousness.

THE AWARD-WINNING, NEW DEFINITIVE HISTORY OF TEDDY ROOSEVELT AND THE ROUGH RIDERS "Thrilling. . . . A CLASSIC." —True West WINNER: Army Historical Foundation Distinguished Writing Award; New Mexico-Arizona Book Award; and Colorado Book Award The now-legendary Rough Riders were a volunteer regiment recruited in 1898 to help drive the Spaniards out of Cuba. Drawn from America's southwestern territories and led by the irrepressible Theodore Roosevelt, these men included not only cowboys and other Westerners, but also several Ivy Leaguers and clubmen, many of them friends of "TR." Roosevelt and his men quickly came to symbolize American ruggedness, daring, and individualism. He led them to victory in the famed Battle of San Juan Hill, which made TR a national hero and cemented the Rough Riders' iconic place in history. Now Mark Lee Gardner synthesizes previously unknown primary accounts—private letters, diaries, and period newspaper reports from public and private archives across the country—to breathe fresh life into the Rough Riders and pay tribute to their daring feats and indomitable leader.

The "gripping" (The Washington Post) story of the most famous regiment in American history: the Rough Riders, a motley group of soldiers led by Theodore Roosevelt, whose daring exploits marked the beginning of American imperialism in the 20th century. When America declared war on Spain in 1898, the US Army had just 26,000 men, spread around the country—hardly an army at all. In desperation, the Rough Riders were born. A unique group of volunteers, ranging from Ivy League athletes to Arizona cowboys and led by Theodore Roosevelt, they helped secure victory in Cuba in a series of gripping, bloody fights across the island. Roosevelt called their charge in the Battle of San Juan Hill his "crowded hour"—a turning point in his life, one that led directly to the White House. "The instant I received the order," wrote Roosevelt, "I sprang on my horse and then my 'crowded hour' began." As The Crowded Hour reveals, it was a turning point for America as well, uniting the country and ushering in a new era of global power. "A revelatory history of America's grasp for power" (Kirkus Reviews, starred review). Both a portrait of these men, few of whom were traditional soldiers, and of the Spanish-American War itself, The Crowded Hour dives deep into the daily lives and struggles of Roosevelt and his regiment. Using diaries, letters, and memoirs, Risen illuminates an influential moment in American history: a war of only six months' time that dramatically altered the United States' standing in the world. "Fast-paced, carefully researched...Risen is a gifted storyteller who brings context to the chaos of war. The Crowded Hour feels like the best type of war reporting—told with a clarity that takes nothing away from the horrors of the battlefield" (The New York Times Book Review).

The Rough Riders was the nickname for one of the three regiments of the First United States Volunteer Cavalry, which Roosevelt helped to form. It was the only regiment to see combat during the Spanish-American War of 1898, in Cuba. Roosevelt resigned his post as Assistant Secretary of the Navy to raise this army with men of very diverse background, ranging from Ivy Leaguers to Native Americans, from athletes to frontiersmen, etc. Theodore Roosevelt wrote about his Rough Riders that: "they were hardened to life in the open, and to shifting for themselves under adverse circumstances. My men were children of the dragon's blood, and if they had no outland foe to fight and no outlet for their vigorous and daring energy, there was always the chance of their fighting one another: but the great majority, if given the chance to do hard or dangerous work, availed themselves of it with the utmost eagerness." Theodore Roosevelt (1858 - 1919) was not only the 26th president of the United States but also a prolific writer. He lent his pen to many different topics, including history, biographies, autobiographies, and nature. He also wrote countless articles, letters, and even guide books. Some of his most famous works include: "The Rough Riders," "History of the Naval War of 1812," "African Game Trails," and "The Winning of the West."

A biography of twenty-sixth President of the United States, Theodore Roosevelt describing his childhood, love of the outdoors, military and political career, and diplomatic endeavors.

After just four weeks of training, Colonel Theodore Roosevelt's Rough Riders—a regiment of cowboys recruited into the First U.S. Volunteer Cavalry—fought in Cuba during the Spanish-American War with the skill of seasoned regulars. The unit reflected the future president's character as a wealthy Ivy Leaguer who went west to experience frontier life. Most of the Rough Riders were seasoned cowhands from the Southwest, but Ivy League athletes, sons of millionaires and lawmen filled out the ranks. Roosevelt molded this diverse group into a cohesive, efficient fighting force and led them to victory on San Juan Hill. Told from the perspective of the men in the regiment, this book traces the history of the Rough Riders from conception to disbanding, and Roosevelt's transformation into an American hero.

Spur Award winning author Dale Walker tells the colourful story of America's most memorable fighting force, the volunteer cavalry known as the Rough Riders. From its members, and their slapdash training in Texas and Florida, to its battles at Las Guasimas and San Juan Hill under the command of Theodore Roosevelt, who kept riding, some say, into the White House. "This lively and carefully detailed narrative of one of the more unlikely military units and of a short, savage war, celebrates some gallant men and catches their nation at the moment it emerged as a world power. " - Kirkus Reviews At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Documents the recruitment, training, fighting, and post-Spanish American War careers of the soldiers who comprised the regiment known as the Rough Riders
