This revised and updated edition includes a brand new foreword by Richard LaFleur and more than fifteen hundred new entries and abbreviations. Organized alphabetically within the categories of verba (common words and expressions), dicta (common phrases and familiar sayings), and abbreviations, this practical and helpful reference guide is a comprehensive compendium of more than 7,000 Latin words, expressions, phrases, and sayings taken from the world of art, music, law, philosophy, theology, medicine and the theatre, as well as witty remarks and sage advice from ancient writers such as Virgil, Ovid, Cicero, and more.

This Dictionary provides an impartial and valuable background to the Latin American region, vital for anyone interested in the current affairs, recent history and economy of this vast area. Entries provide definitions of terms, concepts, names and organizations key to discussions of Central and South America. Covering some 48 countries and territories, this volume offers a unique insight to the political and economic dimensions of this diverse region.

The only up-to-date frequency dictionary of Spanish currently available, this is an invaluable tool for all learners of Spanish that provides a list of the 5,000 most commonly used words in the language. Based on a twenty million word corpus evenly divided between spoken, fiction and non-fiction texts from both Spain and Latin America, the Dictionary provides a detailed frequency-based list, as well as alphabetical and part-of-speech indexes to ensure maximum ease of access to the information and efficiency of use. All entries in the rank frequency list feature the English equivalent, a sample sentence and, where applicable, an indication of major register variation. The Dictionary also contains thirty thematically organized lists of frequently used words on a variety of topics, such as animals, weather, materials, and family terms. A CD version is available to purchase separately. Designed for use by corpus and computational linguists it provides the full text in a format that researchers can process and turn into suitable lists for their own research work
