Genetic studies in the late 20th century refuted the existence of biogenetically distinct races, and scholars now argue that ' races ' are cultural interventions stemming from colonialism.

race | Definition, Ideologies, Constructions, & Facts ...

A race is a grouping of humans based on shared physical or social qualities into categories generally viewed as distinct by society. The term was first used to refer to speakers of a common language and then to denote national affiliations. By the 17th century the term began to refer to physical (phenotypical) traits.

Race (human categorization) - Wikipedia

The definition of race has not been consistent throughout history, nor is it consistent today, based on people ' s beliefs. But generally speaking, many people today think of a race as a group of people having certain physical characteristics. And the most distinguishing physical characteristic has historically been skin color.

Race vs. Ethnicity vs. Nationality: What Are The ...

"Race is understood by most people as a mixture of physical, behavioral and cultural attributes. Ethnicity recognizes differences between people mostly on the basis of language and shared culture."

What's the difference between race and ethnicity? | Live ...

A race is a group of people with a common physical feature or features. While there are hundreds — if not thousands — of ethnicities, the number of races is far fewer. Difference Between Race and Ethnicity Take the Caucasian (a.k.a., Caucasoid) race.

Ethnicity vs Race - Difference and Comparison | Diffeen

What Is Race? is a short book that deals with race and how to talk about it. It acknowledges the difficulty of talking about race and aims to cut through that, by showing readers what racism is and how they can challenge it.

What is Race? Who are Racists? Why Does Skin Colour Matter ...

Stated simply, race is the word used to describe the physical characteristics of a person. These characteristics can include everything from skin color to eye color and facial structure to hair color. This term is physiological in nature and refers to distinct populations within the larger species. Race was once a common scientific field of study.

What Is The Difference Between Race And Ethnicity ...

Race is one of the protected characteristics under the Equality Act. Race discrimination is when you ' re treated unfairly because of one of the following things: colour; nationality; ethnic origin; national origin. You can be discriminated against because you belong to a certain racial group. People who share the same colour, nationality or ethnic or national origins are part of the same racial group.

Race discrimination - Citizens Advice

Race also covers ethnic and racial groups. This means a group of people who all share the same protected characteristic of ethnicity or race. A racial group can be made up of two or more distinct racial groups, for example black Britons, British Asians, British Sikhs, British Jews, Romany Gypsies and Irish Travellers.
